To Whom It May Concern:

tremco illbruck, as an organisation, is committed to quality, responsive to both internal and external customers, our employees, our community and environment, and we will treat all with respect and good stewardship.

Material Manufacturing Location
NULLIFIRE FS700 is manufactured in Wigan, England. If Wigan falls within 500 straight-line miles of the project site, the product is considered to be a locally produced material and can help contribute earning Material & Resources Credit.

Raw Material Extraction Information
No single extracted material is used to produce the majority of this product. Additionally, all raw materials come from one of several sources which in-turn come from one of several raw material feed stocks. As such, point source for the raw materials cannot be determined.

Rapidly Renewable Raw Material Information
The rapidly renewable material content is 0%.

Recycled Content Information
20Kg pail 0%

VOC Content Information
NULLIFIRE FS700 has a VOC content of 18.9g/L equalling 1.4% by weight and therefore satisfies the LEED criteria for Indoor Environmental Quality (SCAQMD Rule #1168, IEQ 4.2 Paints and Coatings).

Additional Information
Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local sales representative.

Sincerely,

David Lamb
Product Manager (Firestopping)

Kerry Knowles
European Regulatory Compliance Manager
