Green Building Product Information (LEED® Information)

---

**ME508**

---

Bodenwöhr, 7. November 2018

To Whom It May Concern:

Tremco, as an organization, is committed to quality, responsive to both internal and external customers, our employees, our community and environment, and we will treat all with respect and good stewardship.

**Material Manufacturing Location**

ME508 is manufactured in Legnica, Poland. If Legnica falls within a 500 straight-line miles of the project site, the product is considered to be a locally produced material and can help contribute earning Material & Resources Credit.

**Raw Material Extraction Information**

No single extracted material is used to produce the majority of this product. Additionally, some raw materials come from one of several sources which in-turn come from one of several raw material feed stocks. As such, point source for the raw materials cannot be determined.

**Rapidly Renewable Raw Material Information**

The rapidly renewable material content is 0.

**Recycled Content Information**

The recycled content by weight is 3%.

**VOC Content Information**

ME508 contains 0 g/L volatile organic content (VOC).

**Additional Information**

Should you have any questions or require additional information, please do not hesitate to contact Technical Services.

Sincerely,

i.V. Dr. M. Komma

i.V. Christian Roider
